Make even more savings when you pay by Direct Debit

Our Direct Payment Plan (DPP) provides you with an easy and convenient way to pay your gas bills, paying by monthly Direct Debit. And we’ll give you up to £22.05 discount* as well. Please retain this section in a safe place.

How it works

- SSE Airtricity Gas Supply (NI) Limited will supply you with natural gas and you will agree to pay twelve monthly payments towards the cost of gas used. In your first year this period may be less than twelve months.

- A bi-annual Gas Statement will be issued giving details of the gas used and the payments received for the previous 6 and 12 month periods. Following the 12 month period you will receive a Budget Review letter which will advise you of your monthly payments for the next 12 month period.

- Any overpayments at the year end may be carried over into the following year’s payments or will be refunded to you upon request.

- Any underpayments at the year end may be carried over into the following year’s payments unless we ask you to pay the amount required.

- If your usage pattern changes in any way due to the addition of further gas appliances or you have changed your domestic lifestyle, please contact us to enable us to reassess your payment plan.

- Under the plan you can submit a current meter read for us to assess if your monthly payments are in line with the gas being used, however, remember that your gas usage will vary according to the time of year the read period covers.

- You may cancel your Direct Debit by notifying your bank and advising us. However, you will be required to settle your account in full and all further supplies will be billed on quarterly credit subject to credit checking.

*The Direct Debit Discount is up to £22.05 (incl. VAT) per annum. For consumption below 2,000 kWh the Direct Debit Discount is £5.51 (incl. VAT) per annum. Discount is applicable over 365 days and pro-rated to the length of each billing period.

**Direct Payment Plan (DPP)**
No other method could be easier, or more convenient, and as an SSE Atricity customer, no other way of paying can save you quite as much. With DPP you receive a bi-annual statement rather than a quarterly bill. This means it is easier to administer and saves us money - these savings are then passed on to you.

With DPP there are no more cheques to write or post, or cash to pay (unless we request a settlement). Once set up, everything is automatic, so you can relax knowing that payments are being collected on a regular basis. However, should you become aware that payments are not being collected from your bank account please contact us on 0345 900 5253.

**You are in control**
Only agreed monthly payments will be collected from your bank account. Each payment will be detailed on a gas statement.

You can have your account reviewed at any time. All you need to do is to call our customer accounts team with a meter reading and they will be able to give you advice on how much you should pay. Any payments will be confirmed in writing to you 7 days before the date of collection. If you are a new customer, please provide us with a meter reading after 6 months and we will review your payments in line with your consumption.

Finally, you are free to cancel at any time and pay your bill in another way. However, by doing this, you will lose the many benefits of DPP.

**Direct Debit Guarantee**
- The Guarantee is offered by all banks and building societies that accept it’s instructions to pay Direct Debits.
- If there are any changes to the amount, date or frequency of your Direct Debit, SSE Atricity Gas Supply (NI) Limited will notify you 7 working days in advance of your account being debited or as otherwise agreed. - If an error is made in the payment of your Direct Debit, by SSE Atricity Gas Supply (NI) Limited or your bank or building society you are entitled to a full and immediate refund of the amount paid from your bank or building society - If you receive a refund you are not entitled to, you must pay it back when SSE Atricity Gas Supply (NI) Limited asks you to.
